### Studying Abroad Is Great

Studying abroad is great! When I was 15 years old, I went to New Zealand for 5 months to study English. And Combine during WWord studying abroad, I learned how to communicate and Spl live with another nation's people WWord and importance of English Position Parallel. I also got psychological Spl Academic Voc independence Verb. Now, I am going to write about these topics. Cut

First, I was in boarding house. So I Combine had to live with another nation's WWord people. Roommates came WWord from New Zealand, South Korea, and china Capitalization. Of course native WWord languages are different. Moreover Combine all of of Cut roommates are different age Sing/Plu, and it is it is Cut needless to say that cultures are also different. I thought that it was very complicated at first Position. For example, Japanese usually take a bath at night. However Combine, South Korean Sing/Plu take a bath MissingW morning. We needed to understand each other to live together peacefully. So Combine I explained own WWord culture, and listened to their cultures too. We exchanged many kinds of information MissingW such as lifestyle, food, and national characteristic. Then WWord I learned how to communicate with another nation's people 6 from this experience.

Second, I learned the importance of English MissingW. During WWord studying abroad WWord, I often went shopping. I was surprised because of the clerks. Cut Some of them are not New Zealander. In Japan, almost all people are Japanese, Punctuation and speak Japanese. However, New Zealand is not same. I think other countries are not same too, but it was first time that I felt WWord Repetition difference strongly. I thought Repetition that if I could speak English, I would be able to speak Repetition with many countries people WOrder. So I learned Repetition the importance of English.

Third, I got Academic Voc the psychological independence Verb during studying abroad Cut. It was the first time that Cut living VForm apart from my family, so I had to do everything by myself. It was difficult for me a bit Cut at the beginning, but I made effort to Cut grow VTense accustomed to do WWord. I thanked for my parents' help which before studying abroad ???. I sometimes got difficulties. For example Combine, I SubjError was stolen my school uniform by someone in boarding house. I could not ask my parents' help. I had to overcome it. So I searched everywhere and asked many boarding students. Then WWord Repetition I got the psychological independence Verb.

My experience of Studying Capitalization abroad made me developed WForm as a person. I learned how to communicate with another Sing/Plu people and importance of English Parallel. And it Combine taught me the psychological independence Parallel. Sometime the difficulty was very hard for me. But it was Combine treasure Vague that I could not get Academic Voc in Japan. I never forget VTense this experience.
